***We are excited to
announce that we are
expanding our sites and
our curriculum!***

New Location

Discussions with Richmond Community Schools started last year regarding opening a Y Care site on the west side of Richmond. We are happy to announce that **Westview Elementary School** has been added as a new Y Care site for the 2011-2012 school year. Coupled with our east side location, **CR Richardson Elementary School**, we are looking forward to a GREAT year!

New Curriculum

For the last two years our **KidzLit** Reading program has been very popular with the kids and parents in Y Care. This program allows kids to make connections to the stories and their life through discussion, art, movement and writing. Through a grant from the **Old National Bank Foundation** we were able to purchase **KidzMath** and the **Science Explorer** programs for the 2011-2012 school year. KidzMath will help kids develop mathematically and socially while having fun with cooperative math games and literature based activities. The Science Explorer program introduces children to a scientific approach that will help develop problem solving skills. We will explore using everyday materials to see how things work and how things change.

Purpose & Structure

The Y Care program provides a safe, caring, fun and learning atmosphere. Children are assisted in developing self esteem, learning cooperative skills and are asked to practice the YMCA core values of caring, honesty, respect and responsibility. In addition to providing a nutritious snack and homework time daily, children have the opportunity to participate in a variety of social activities and will be involved in our KidzLit, KidzMath and Science Explorer programs.

LOCATIONS

CR Richardson Elementary School

1215 South J Street

Schools attending this site are: Charles, CR Richardson, Garrison, Vaile and Starr.

Westview Elementary School

1707 SW A Street

Schools attending this site are: Crestdale, Fairview, Highland and Westview.
